

COMPLETING VOTER REGISTRATION APPLICATIONS

Individuals who conduct voter registration drives may assist voters in completing their applications. If you are asked to help complete forms, please remember the following:

Voters must answer the question, "Are you a citizen of the United States of America?" Failure to do this may delay the registration process at the county board of elections.

The required fields of information are:

- Name
- Physical Address
- Mailing Address (if different from physical address)
- Date of Birth
- Driver's License number or last four digits of Social Security number
- Signature of Voter

If you realize that a voter has not completed the registration form, **DO NOT** complete it for them. Give the form to the county board of elections. They will contact the voter to retrieve the missing information.

If the voter was registered in another county or state, that information should be provided on the registration form. The county board of elections will notify previous jurisdictions.

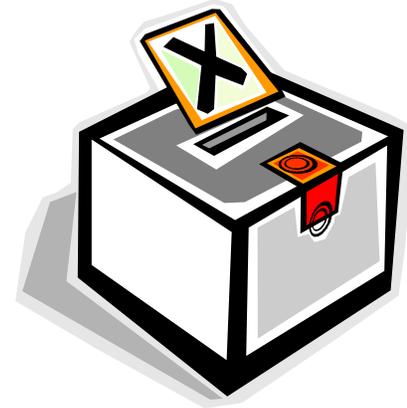

If you have any questions regarding the voter registration process, you may contact the Scotland County Board of Elections or the State Board of Elections Office.

RESPONSIBILITIES

The decision to conduct a voter registration drive is an important one. Voter registration is fundamental to elections. Assisting qualified citizens in becoming registered voters and involving them in the democratic process is a worthy cause. Participation at this level carries with it certain responsibilities including:

Providing individuals with current, state approved voter registration forms. These forms will ask voters to check “yes” or “no” to the following questions:

- “Are you a United States citizen?”
- “Will you be 18 on or before Election Day?”

These forms will also ask voters to provide their driver’s license number or the last four digits of their social security number.

Registration drive participants must refrain from coercing, threatening, or intimidating any person engaged in the registration or voting process.

Never alter any information placed on the form without the permission of the person registering.

If assisting a person in filling out the form, place information on the form that accurately reflects the intent and direction of the person actually registering to vote.

Do not give a partially completed registration form to a person for registering unless that person is made aware of the information already on the form and the person registering does not object to that information. An unaltered blank registration form must be provided to the registrant if requested.

Never refuse to accept completed registration forms.

Return all completed applications and accompanying documentation on or before the 25th day before a primary or election to the applicant’s county of residence. Failure to do so could be punishable as a Class 2 misdemeanor.

OBTAINING FORMS

Voter registration forms can be obtained at the Scotland County Board of Elections Office. Orders require the completion of a request form which is available from the Scotland County Board of Elections, 231 E Cronly Street.

We do not require groups to return unused forms. However, these forms are printed at a cost to the State.

If you do have a large number of forms that you do not plan to use, please return them to the Scotland County Board of Elections Office.

* Any registration forms completed by new registrants at voter registration drives must contain the voter’s North Carolina driver’s license number. Accepted forms of identification include:

- A copy of current and valid photo identification
